

SPIL Transportation

Statewide Plan for Independent Living
Transportation Website (spiltrans.org)

- * Much more than telling you where to find a ride getting from point “A” to point “B” Our group want to engage those in most need of transportation that we serve in the disability community. We want to hear directly from YOU with our contact resources. We also provide educational and systems advocacy resources in order to familiarize yourself with your transportation rights and resources available to engage your local, state and national political representation to make your voices heard! Visit our website and “Let’s Ride!”

“Oh the Places [We’ll] Go!”
