No Presenter For Meeting

We talked about what days and everyone's availability for an in-person/ZOOM meeting.

We then touched base on the attending/networking with CTD groups. Not much movement there. **Kendra** mentioned that she had not been able to attend the meetings but her local CTD had been helpful when she reached out to them.

**Mignon** mentioned that the local health in her area had taken on the transportation issue. Tri-county released a survey to get information.

**Harley** brought up that one of the biggest hurdles are some of the KDOT restrictions.

**Kendra** brought up the KDOT call that talked about electric vehicle charging stations. KDOT is trying to get them set up across Kansas and into Missouri.

I ended meeting by providing a short recap, mentioning all of our online platforms and I let everyone know that I would send them all the most recent CTD list as well as a recap of the meeting and all information to the group.
