

We Need Your Help!

Research Participants Wanted for Interviews

We are testing measures to improve person-centered Home and Community-Based Services (HCBS) outcomes for people with disabilities

Getting services at home or in the community is important for people with disabilities. To make those services better, we need to know if and how the services are working. We are testing measures that include questions about how well Home and Community-Based Services (HCBS) are helping people live the lives they want. We need your help to make sure the measures provide valuable information.

In this research study, we will meet with you over Zoom. We will talk with you and ask questions about some important areas of your life.

To take part, you must:

- Be at least 18 years old.
- Be getting services in Kansas from the TBI Waiver, PD Waiver, I/DD Waiver, FE Waiver or Working Healthy/WORK.
- Provide consent or assent (if not your own legal guardian).
- Be willing to take part in a 60-90 minute interview 1-3 times over the next year.

Everyone we interview will get a \$10 pre-paid Mastercard for each interview

IF YOU OR SOMEONE YOU WORK WITH IS INTERESTED OR HAVE ANY QUESTIONS PLEASE CONTACT:
